Chromebook or laptop - Students are expected to bring a personal device for daily classroom use - Due to ongoing incidents of vandalism involving school-issued Chromebooks, school-managed Chromebooks will continue to be available and maintained specifically for use during secure exams	1
The 1-Binder System: Setting Students Up for Success The 1-Binder System—a powerful organizational tool designed to support all learners through the principles of Universal Design for Learning (UDL) . Why the 1-Binder System? ☒ Streamlined Process: It reduces the steps to file an assignment from 22 down to just 5!  Cognitive Relief: By simplifying organization, we ease the mental load and reduce anxiety.  Built for Success: Students start with a clear, effective system — eliminating the frustration of navigating a disorganized setup. With this approach, students are more likely to experience a positive, upward spiral of success —right from day one. The 1-Binder System will be explained to students on orientation day. Click the link above to review the system. 😊
